The kids could attend great schools and finally have a super neighborhood to call their own...and I am sure I'd save time commuting... hmmm, the recreation is super. I wonder if I'd be eligible. This might be the opportunity I've been waiting for. Well, wonder what's involved. Not to mention, this may mean extra time to take a course or two instead of traveling to work for over an hour. I guess it's worth looking into. I wonder who to call. Steps involved. Wow, Westchester. It's seems like this is the time to find out more.

Los niños podrían asistir a escuelas muy buenas y por fin tendrían un verdadero vecindario propio... y estoy seguro que yo ahorraría tiempo en el ir y venir al trabajo... además... las actividades recreativas son fantásticas. Me pregunto si yo sería elegible. Esta podría ser la oportunidad que esperaba. ¿Qué habrá que hacer? Y aún más, esto podría significar tiempo extra para tomar uno o dos cursos en vez de viajar más de una hora al trabajo. Creo que vale la pena informarme de qué se trata. ¿A quién debo llamar? ¿Cuáles pasos? Solo me lo imagino, Westchester. Parece que este es el momento de averiguar más.
